

| DATE LOCATION | SPEAKER | | TITLE |
|------------------|--|--|--|
| 9/5 E51-335 |  ORC SEMINAR | Carri Chan Associate Professor Columbia | <u>Optimal Scheduling of Proactive Care with Patient Deterioration</u> |
| 9/12 E51-335 |  ORC SEMINAR | John Birge Professor The University of Chicago | <u>Managing Prediction Markets with Informed Agents</u> |
| 9/19 E51-335 |  ORC SEMINAR | Jorge Nocedal Professor Northwestern University | <u>Zero-Order Optimization Methods with Applications to Reinforcement Learning</u> |
| 9/26 E51-335 |  ORC SEMINAR | Brad Sturt PhD Student MIT | <u>A Data-Driven Approach to Multi-Stage Linear Optimization</u> |
| 10/10 E51-335 |  ORC SEMINAR | Garud Iyengar Professor Columbia University | <u>Multinomial Logit Contextual Bandits</u> |
| 10/17 E51-335 |  ORC SEMINAR | Joann de Zegher Assistant Professor MIT | <u>Crowdsourcing Information in Informal Supply Chains</u> |
| 10/31 E51-335 |  ORC SEMINAR | Guy Bresler Associate Professor MIT | <u>Towards an Average-case Complexity of High-dimensional Statistics</u> |
| 11/7 E51-335 |  ORC SEMINAR | Margaret Brandeau Professor Stanford University | <u>What Should We Do About the Opioid Epidemic? Models to Support Good Decisions</u> |
| 11/21 E51-335 |  ORC SEMINAR | Francis de Vericourt Professor European School of Management and Technology | <u>Warning Against Recurring Risks: An Information Design Approach</u> |
| 12/5 E51-335 |  ORC SEMINAR | Les Servi Chief Scientist The MITRE Corporation | <u>Robust Mission Network Analysis</u> |

Please Note: All seminars will be held on Thursdays from 4:15pm to 5:15pm unless otherwise indicated. All seminars will be followed by refreshments. If you have any questions contact the student coordinators: orc_fallcoordinators@mit.edu
